

Solid Waste Management

Community Meetings Notice for Residential and Agricultural/Commercial Property Owners

Miami-Dade County Department of Solid Waste Management will conduct two community meetings to discuss plans to remove remaining hurricane debris.

The community meetings will be held in Southwest Miami-Dade County on the following dates:

- **Monday, April 10, 2006 -**

Agricultural Extension Office, 18710 SW 288 St., Homestead, 6 p.m. - 8 p.m.

- **Tuesday, April 11, 2006 -**

South Dade Government Center, 10710 SW 211 St., Room 203, 6 p.m. - 8 p.m.

Many residents and business owners in the affected area have an expectation that the County will collect all hurricane debris at no cost to the property owner, regardless of its source. However, FEMA has evaluated and classified the remaining debris on the right-of-way of agricultural/commercial properties as ineligible for reimbursement making affected property owners responsible for removing the debris.

For additional information, please call the Miami-Dade County Department Solid Waste Management Customer Service Unit at 305-375-1544.
